SPRING OVERCOATS

At a Saving of $5 to $15.

SHOES.

A bargain in advance of the season is preferable to one at the close—you get the article you want, you have the benefit of it during the season, and you can better appreciate the amount saved. Spring Overcoats, some elegantly made garments, silk lined and not silk lined, that were made last season are $5 to $15 lower now than then—just as desirable in every way as those made this spring. The goods are all right, the styles perfect. The fact of there being but one or two of a kind is an incentive for us to make these prices, and yet it doesn't affect your choice. You'll admire them when you see them.

To say we have a full stock of Men's and Boys' Spring-made Shoes gives you but a wee taste of the many, many styles we have to show you. The best grades of calf, kangaroo, and patent leather, in button, lace, and congress, from the smallest boy's size to the largest man's. We'll not sell you a shoe we can't recommend and guarantee, and you'll find lower prices than elsewhere.

A shirt that fits perfectly at the neck, around the body, and the proper length of sleeve is a jewel to a man's comfort.
